**MEMORANDUM FOR THE RECORD**

**SUBJECT: NSC Briefing Topics for 10 February 1955**

1. The NSC meeting this week will be both early (0830 start) and brief (1000 finish): the major consequence of this is that no time will be available for "early morning" revisions on Thursday and therefore concerned personnel will have to stand by Wednesday evening to make final post-rehearsal revisions as required.

2. Subject to usual division responsibility for spot-news, the following topics are assigned (either firmly or tentatively, as indicated). It will be desirable to have a report for the AD/CI before 0930 Tuesday, 8 February, cancelling or confirming presently tentative topics.
